July 13, 2016

Hello Everyone,

It has been quite some time since I sent out a newsletter so it is long overdue. I hope if you have a class reunion this summer you are able to attend to see your "old" classmates.

This information goes out to one person in each class who then is kind enough to forward this information to as many of their classmates as they have emails for. When a "point person" changes their email address, sometimes I do not get the new address. So therefore I don't have a point person for the class of 1962, 1969, 1974 and 1988. I also have no contacts for the class of 1958, 1986, 1997, 1998, 1999, , 2001, and NONE after 2006!! You might have a sibling or child or friend in one or more of these classes so please contact them and ask them to contact me so I can let them know what is involved. We used to send out a paper newsletter but the cost 5 years ago was over \$6,000 plus we received over 33% of them back because of changes in addresses. That is equivalent to six \$1,000 scholarships. We also do not have enough volunteers to write the articles, gather the information and sell ads, etc. Plus, a newsletter that only comes out once a year is not much "news". Thank you so much to the point people who are taking their time to forward information to their classmates.

We did award a scholarship again this year for \$1,000. It was awarded to Simon Kirkendall who is also my grandson. I was not on the committee and those on the committee could not see the names on the applications. So, congratulations to Simon. He will be going to The Ohio State studying chemical engineering.

## **ALL REVERE ALUMNI!**

You are invited to join an all Alumni gathering before the first home football game on Fri. Aug. 26th in the Revere High School cafeteria. Starting at 5:00 p.m. until game time at 7:00 pm. What we ask is for you to bring a finger snack to share and your choice of non-alcoholic beverage. This event is being sponsored by the RHS Alumni Association in conjunction with the class of 1964's special celebration and the class of 1961's 55th class reunion. Mark your calendars! We hope to see you there.

Please do your best to help us keep the communication and information available.

Sincerely,  
Pat Swan Healey
